"Ugh! ugh! Oosh! oosh! oosh! osh!" snorted the comedian, breaking into a bonn-fide Blackfoot scalp dance around the prostrate Denham.

"Wow! Whoop!" came from the gallery, and, bending with eager interest far over the benches, the red men echoed the cries of Boniface as he gyrated madly around the stage. So great was the subsequent excitement that the curtain had to be dropped ten minutes ahead of time. After the performance twenty-four queer-looking figures met Boniface at the stage door.

"Ugh!" remarked the first; "you dance like brave!"

Hints for Furbishing.

Willow chairs require only soap and water, with good scrub brush, to make them look like new. Let the soap be good, the water warm, and give a good rinsing to remove all traces of soap. Do not dry, but leave in the air until well drained. Then remove to their place in the house and your friends will ask where you bought your new chairs.

Marble is a very difficult article to clean if it is stained in such a way that the stain has sunk into the stone. Slight stains may be easily removed with a pumice stone or with vigorous scrubbing. Greasy stains are best removed with a paste of Fuller's earth applied in the same way it is to wall paper.
